City Goals

- ▶ Resolution 20071129-045 - LEED requirement (plus other goals).
 1. Thresholds based on construction cost. (\$2m and \$500k)
 2. Achieve minimum Silver certification.
- ▶ Resolution 20071129-046 - Sustainability
 1. Design Commission presentation.
 2. Alternative water quality strategies eg. rain gardens).
- ▶ Imagine Austin goals for City Facilities
 1. Building Block "City Facility Services" includes LEED. p.187
 2. Other articles related to water and energy.

Why do LEED?

- ▶ LEED establishes the commitment (whether seen as a chore or an opportunity).
- ▶ With LEED framework discipline, it is going happen! Without it, who knows?!
- ▶ LEED has specific & understood criteria, standards and thresholds.
- ▶ LEED is updated without changes needed from us. (LEEDv4)
- ▶ The internationally recognized certification. 1 billion sqft. now in Texas alone.
- ▶ LEED provides third party verification of design and construction claims.
- ▶ Our buildings will still be operating in 50 years.

**AUSTIN ENERGY SYSTEM
CONTROL CENTER**
2500 Montopolis Dr. Austin, TX, 78741
LEEDv2.2 BD+C: New Construction
AWARDED LEED GOLD JUN 2014
LEED Consultant OLA

Next Steps

1. Continue with LEED reports
2. Work on updates for a new updated resolution.
3. Extend the monitoring of LEED buildings through USGBC's ARC program.
4. Work with Imagine Austin on contribution to Building Block CFS "City Facility Services".
5. Municipal Projects - Starting to include Sustainable Sites, Greenroads, WELL, others.
6. Still a long way to go. - LEED Platinum, Net Zero! Regeneration!
